Part 9: Miscellaneous Features

Project Properties

Click on the background of the idea space and you'll see the Project inspector bar icon.

In its popover you can set:
- a project image (use the Actions "gear" icon to quickly find textures and apply binder graphics),
- print margins,
- a Dropbox lock file,
- an encryption password,
- work schedule (used for date calculations),
- project time stamps (used by the Search shelf),
- Calendar syncing,
- PDF project mirroring.
